Sanika Sanga

"Sanika Sanga works as an evangelist among the Hindu majority in India. He comes from an animist background where he once worshipped nature and ancestral spirits. After his father become very sick, a Gospel for Asia pastor came and prayed for him and he was miraculously healed by Jesus.

The whole family started attending church and everyone gave their lives to Jesus. After Sanika's transformation, he faced strong opposition from the villagers, but God helped him and his family to overcome this opposition and continue to follow Jesus.

Sanika is now attending a Gospel for Asia Bible School in preparation for his work as a pastor and evangelist. He continues to do outreach, gospel tract distribution, personal evangelism, and home prayer meetings. Pray for Sanika and his family as they reach the unreached in India."
